

KENSINGTON DIVERSIFIED GROWTH (GBP)

Investment Strategy

The sub-fund invests directly or indirectly in equities, fixed income securities, property and commodities, money market instruments and equity-related securities. Up to 80% of its assets may be directly invested in equities and equity-related securities and up to 100% may be indirectly invested via UCITS and/or open-ended AIFs for exposure to commodities such as oil, gas, gold and precious metals.

The sub-fund may also gain indirect exposure to property through investment in the securities of Real Estate Investment Trusts (REITs). The sub-fund may hold cash.

Investor Profile

The sub-fund is suitable for retail and institutional investors seeking a medium to long term investment with a medium to high tolerance for volatility.

Monthly Market Information

- January was the best month for global equity markets in more than seven years
- Markets were boosted by strong corporate earnings results across the board
- The diffusion of tensions surrounding the US-China trade talks offered further support
- The US Federal Reserve (Fed) said it would put further interest rate increases on hold
- Sterling enjoyed an increase in value versus the US dollar despite ongoing Brexit uncertainty
- Financial markets started to think that a 'no deal' Brexit had been taken off the table
