

# KENSINGTON DIVERSIFIED GROWTH (GBP)

## Strategy Summary

The sub-fund invests directly or indirectly in equities, fixed income securities, property and commodities, money market instruments and equity-related securities. Up to 80% of its assets may be directly invested in equities and equity-related securities and up to 100% may be indirectly invested via UCITS and/or open-ended AIFs for exposure to commodities such as oil, gas, gold and precious metals.

The sub-fund may also gain indirect exposure to property through investment in the securities of Real Estate Investment Trusts (REITs). The sub-fund may hold cash.

## Investor Profile

The sub-fund is suitable for retail and institutional investors seeking a medium to long term investment with a medium to high tolerance for volatility.

## Monthly Market Information

### Key Highlights

- Prospect of interest rate cuts and hope that the US-China trade war could still be resolved supported equity markets
- Rebounding from a rout in May, markets shrugged off concerns about a slowing global economy
- The Bank of England voted to keep interest rates on hold at 0.75%, warning that it expects economic growth to be flat
- US dollar loses ground as gold prices hit six-year high
